## Visit to Trinity Mirror Printing

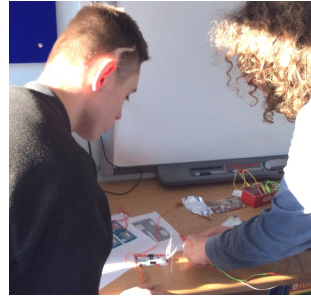

Students from Class 4D had a very interesting trip to Trinity Mirror Printing last Thursday (15 January) as part of their ICT curriculum on laptop publishing. Students not only had a conducted tour of the printing works and learned about the various stages in producing national newspapers and magazines, but also learned about recycling and saw first hand how much paper is used everyday for printing. Lauren was especially happy as she got to press the buttons that printed 15,000 copies of that day's paper!

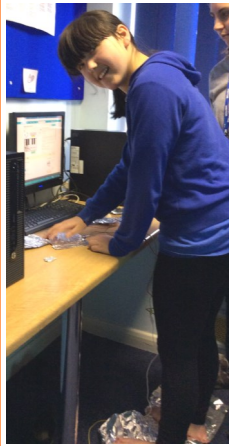

## ICT Club

Through Fizzpop Makeaspace, Adam, our ICT Manager has been able to

borrow some invention kits from his friends at Makey Makey. The kits turn everyday objects into touchpads which can be used to complete fun activities through the Internet. At ICT club on Tuesday, Steven was able to play drums and a keyboard using Makey Makey

instead of a keyboard and mouse.

Students from Class 3B also enjoyed their ICT lesson where Chelsea made music with her feet! Come and join us at ICT club on Tuesday lunchtime for more exciting projects!
