Health for Life

The Health for Life programme is run by the Health Education Service. It supports schools in engaging their community in healthy active lifestyles and embeds their work in the school culture in a way that is sustainable.

Representatives from the Local Authority came into Baskerville School last year during the Summer Term to do an assessment and we were one of five secondary schools in Birmingham that were then selected to receive the Health for Life Award.

On behalf of the whole school, students of 5D attended the award ceremony at the Council House on Tuesday morning (26 January) and proudly received the award from the Lord Mayor. We are very pleased that our school's emphasis on the importance of a healthy lifestyle for our students was recognised.
