

How we work in partnership with you to secure the correct support for your child

Students are admitted to Baskerville School with a Statement of Special Educational Needs or an Education, Health and Care Plan. Your child's special educational needs have been assessed and the support and provision has been identified. However, as your child grows older his/her needs can change. We share our observations about your child with you and any other agencies and/or professionals and you share yours with school staff. Together, we work towards achieving what is required to help your child reach their potential and achieve their aspirations.

We strive to maintain frequent and regular communication via home-school diaries, telephone calls, emails and termly parents' / carers' meetings.
