

## **We work in partnership with parents**

We recognise that parents understand their children better than anyone and consequently we aim to work together for the best outcomes for the students. Therefore good communication is essential. All students have a home school book where important information is shared.

Some parents prefer weekly phone calls or emails. We will always keep parents informed of important or significant information about their child. We also welcome information from home as students may keep home and school very separate and choose not to share important information with the staff working with them.

Students can be adversely affected by events around them and are not always able to explain what is upsetting them. Therefore the more information we share with parents, the more effective we can be in supporting our students.
